Graduation Exercises At Gym Friday Morning

New Group Of Foreign Students

There is a certain torpidity about summer at JSC that makes most of us yearn for a miniature lake in the little grassy dell between Daugette and Pannell. It might not be so deep as a well or little larger than a barn door but 'twould serve. Cool, clear water in the summertime can always induce in us a state little short of nirvana. Swimming and spooning are summer sciences—sines, serums, syntaxes, sideral sidelights and smelly solutions are summer sezerains to which is due lip service.

The campus gardenias have already made their entrance and their exit. For a while the girls wore the flowers fetchingly behind their ears which, according to the Polynesian custom, means that a young maid is between loves—so she flaunts her hibiscus blossom. The hint must have been taken here on the campus because most of the girls seem to be going steady at this point.

The ladies in Pannell are still waiting for their anticipated shower curtains, nevertheless, the splash of water striking tile has finally penetrated to the ears of long-termers on first floor, where water has always stuck tile without shower curtains. The boys on second floor this coming Fall will have an unexpected luxury. Thus far, the ladies have been very friendly, cooperative and considerate. Little things like looking for ironing boards at five o'clock in the morning do occasionally mar the perfect serenity and compatibility in Pannell Hall, but anything short of hog calling in said dormitory is a sweet soporific. At any rate early risers get their share of good-natured gibes—and the ladies can dish out the kidding with the best. (Lucille and Mabel insist that they are never astir until at least seven o'clock.)

Registration Plans Announced For Fall

Lawrence Miles, who will assume his duties as registrar this fall, has mimeographed instructions for registration. Since the procedure has been changed, the information given below will be of interest to those who expect to return this fall, as well as to those who are entering college for the first time:

Registration By Alphabetical Order

Registration will begin promptly at 8:30 a. m. on Monday, September 18, in the Little Auditorium of Graves Hall. It will continue through Tuesday and will be according to the following schedule:

Monday — 8:30-9:30, students whose last names begin with A, B. 9:30-10:30, students whose last names begin with C, D, E. 10:30-12:00, students whose last names begin with F, G.

1:00-2:30, students whose last names begin with H, I, J. 2:30-3:30, students whose last names begin with K, L. 3:30-4:30, students whose last names begin with A through L. This is a miscellaneous period for those who missed registration at the stated period.

Tuesday — 8:30-9:30, students whose last names begin with M. 9:30-10:30, students whose last names begin with N, O, P. 10:30-12:00, students whose last names begin with Q, R, S.

1:00-2:30, students whose last names begin with S, T. 2:30-3:30, with T, Z. 3:30-4:30, students whose last names begin with M through Z. This is a miscellaneous period for those who missed registration at the stated period.

Registration for entering freshmen will take place in Rooms 317.

Faculty Changes For Fall Are Announced

Degrees To Be Awarded To 222 Candidates. Fall Term Opens Monday, September 18.

Roberts Brown Speaks To Students On State Government

Roberts Brown, Opelika attorney, and member of the State House of Representatives, spoke to several classes in government and Alabama history on Tuesday morning, August 1. He was invited to Jacksonville by J. M. Anders, associate professor of history.

Mr. Brown, who has been designated as Speaker of the House in the next administration by Governor-Designate Persons, discussed, in an informal manner, the present situation in the Legislature, and expressed his own opinion about certain changes and reforms which should be made.

He explained the present impasse between the executive and legislative branches of the state government, and expressed the opinion that passage of reapportionment legislation is doubtful during the present administration.

The Constitution provides that the Governor can call the Legislature into extra-ordinary session at will, Mr. Brown stated. The call is supposed to be in time of emergency or crisis, and has always been treated as such in the past. The rules are not designed to fit the present situation, he said.

Mr. Brown believes that the state tax structure is sound, but that there are certain abuses which should be corrected. The same is true of other departments. He believes that the people of Alabama will accept new taxes to support education, if they are convinced that all waste and unnecessary spending have been removed from the present set-up.

Graduation exercises will be held at Jacksonville State College on Friday morning, August 18, at 10:30 o'clock in the Leone Cole Auditorium. Dr. J. W. Letson, superintendent of the Bessemer schools, will make the graduating address. President Houston Cole will confer degrees upon 212 candidates.

The graduation exercises will mark the end of the summer session. The fall quarter will begin on September 18.

Candidates for degrees are as follows:

B. S. in Elementary Education

Ida Lee Adcox, Gurley; Minta Robinson Amerson, Berry; Wilma Andrews, Dawson; Mary Frances Angel, Hattie P. Gant, William A. Harris, Cloe S. Minton, Sarah Kate Merton, Geraldine M. Sewell, Willodeen Thompson, Edna M. Vandegrift, Jacksonville; Emogene Barton, Dalton B. Fowler, Inez C. Norris, Mary Ruth Terrell, Boaz; Daisy Maye Bishop, J. Kermit Gibbs, Lois Lyon, Arab; Gatha B. Blair, Birmingham.

Inus M. Blake, Mary Lee Cagle, Lucille J. King, Vonnice Y. Clark, Emily I. McCracken, Doris S. Patterson, Roena M. Thomason, Fort Payne; Lera C. Blocker, Eden; Annie Cole Borden, Lucille A. Estes, Rachel M. Howell, Piedmont; Thomas S. Bowling, Abanda; Jessie Box, Lucille G. Cunningham, Beatrice H. Day, Lucille Fulks, Cora Y. Hall, Eva Mae Harcrow, Belle S. Henderson, Cleo N. King, Hazel McCallie, Addie A. Milam, Willie C. Mullino, Sallie B. Wilbur, Gadsden.

Edna B. Rutledge, Louise Griffith, Cuntersville; Margaret Byers, Springville; Ellice M. Camp, Vernice L. Calloway, Myra N. Williamson, Albertville; Doris D. Castleberry, Evergreen; Vivian Clay, Clyde M. Click, Grant; Robert C. Coffield, Lydia V. Dowdy, Ceylon M. Hale, Doris N. Hughes,

patibility in Pannell Hall, but anything short of hog calling in said dormitory is a sweet soporific. At any rate early risers get their share of good-natured gibes—and the ladies can dish out the kidding with the best. (Lucille and Mabel insist that they are never astir until at least seven o'clock.)

The Paul Starnes Show has, unfortunately, been discontinued. You have probably already heard the program, which originated in the lounge of Pannell and was transmitted to campus ears via a P. A. system. Paul has of late been much in the public eye and ear—mostly ear. As bad luck would have it, however, Johnny Long, the guiding spirit behind the show has withdrawn from the college, and what seems to be especially lacking at the moment is the old "show must go on" spirit. If you of the student body are interested in seeing that the program is continued—that the mellow baritone of Paul Starnes will again sing out over the placid campus of JSC kindly submit your comments to Bob Dobson, vice-president of the student body, and music to charm your waking hours will be yours again.

A mild Fourth of July celebration was held in Pannell Hall on the morning of said legal holiday. Some of the inmates arose somewhat earlier than is their wont, and they made just the least bit of noise—then everybody else got up. A flag was hung out of the upstairs hall window, and everyone went to breakfast feeling that patriotic justice had been done in Pannell if nowhere else on the campus.

We have room here for a single incredible news item. There are four drycleaners on the first floor of Pannell. Competition has become so keen that the representatives of the four dry cleaning establishments waylay potential customers in the halls of the dormitory. Few, however, have been caught with their pants anywhere except on.

Prepare yourself for a bracer. Dr. Charles E. Cayley, Canadian born (as if you didn't know), has of late been wearing sport shirts and thus taking advantage of the balmy breezes—when the balmy breezes blow. He admits, however, that certain important accessories which should go with his shirt are not particularly to his taste or comfort, and he has, therefore eliminated them. He insists that he is setting a radically new style trend in doing away with unnecessary items.

BEATRICE FROSSARD

From Europe four students are expected.

In Belgium Claire Rychmans is making plans for a stay at Jacksonville. Claire is a 20-year old student who loves a warm climate and an out-door life (she should like it here.) She has served as a girl-guide and likes camping, riding and swimming. She lived in the Belgian Congo for many years. She first became interested in English when she visited South Africa during the last war. Since that time she has passed the Cambridge lower examinations in English language and literature. Having finished the courses offered in the "high schools" in Belgium and having completed two years at the "Ecole Catholique de Service Social", she hopes to study some social organizations at Jacksonville as preparation for a thesis which will take the place of her third year at school.

Claire's father is Belgian delegate to the Trusteeship Council of the United Nations and spends much time in New York. Claire has heard him speak of the peo-

ple, and she is looking forward to friendly contacts with Americans.

Henri Joseph Claret is coming from Montpellier, France. He passed the "Baccalaureate" with studies in Latin, Greek, math, and philosophy. He studied preparations for Naval College. He had studies at the University of Montpellier in law, literature, and philosophy. He studied Practical English in London. (Besides these, he attended two other colleges for some months.)

He taught five months in the Berlitz "School of Languages" in England. He wants to come to the states because he is interested in American civilization, and he wants to know American people.

His diversions and outside activities are hiking, camping, and singing.

There will also be a French girl at Jacksonville. She is Renee Belhomme from Avignon. She has a "License es Lettres" for teaching. She is now serving as a professor in the college of Avignon.

Beatrice Frossard will represent Switzerland in the Interna-

tional House. She finished the registration for traveling fresh-

"diploma of general culture" from a superior girls' school at Lausanne. She has studied English and Italian. The sports she practices are gymnastics and skiing.

The exchange students who were here last year, with the exception of Monique Gaillotte, who married Roy Wallace, Jr., of Gadsden and plans to live in the states, will sail for Europe on August 26. Ariane Weber of Switzerland and Michele Beviillard of France spent most of the summer in Birmingham, where Ariane was the guest of Dr. and Mrs. Walter Roundtree and Michele taught French at Phillips High School. Lily Cuitte of Belgium visited friends in Minneapolis and Canada.

men will take place in Rooms 317.

Faculty Changes For Fall Are Announced

Announcement has been made that J. Eugene Duncan, a member of the music faculty, will take a year's leave of absence, beginning in September. He will spend the year at Peabody College in Nashville, Tenn., working toward his doctorate.

Arved Larsen, also a member of the music faculty, will direct the band, and Mrs. Larsen will teach piano.

Miss Louise Bullock, supervisor in the elementary laboratory school, will take a year's leave beginning in September. She will spend the year in California. (Continued on page four)

"MISS JACKSONVILLE"

Betty Traylor, daughter of Mr. and Mrs. Herbert Traylor of Wedowee, was elected "Miss Jacksonville" by popular ballot at the annual Summer Carnival sponsored by the Student Government Association. Betty is a junior and was Randolph County's representative in the "Queen of Cotton" Contest at the Alabama State Fair last fall.

Mr. Brown believes that the state tax structure is sound, but that there are certain abuses which should be corrected. The same is true of other departments. He believes that the people of Alabama will accept new taxes to support education, if they are convinced that all waste and unnecessary spending have been removed from the present set-up.

In his opinion, no member of the Legislature is in favor of letting the educational system digress. The prison system needs to be cleaned out from top to bottom, and certain other departments are being used for political purposes rather than for their intended purpose, he declared.

Some type of compromise that will bring about a logical solution to reapportionment in the state will eventually be passed, Mr. Brown predicted.

"MIKADO" CAST FETED BY WALTER MASON

Mr. and Mrs. Walter Mason entertained members to the cast of "The Mikado", the orchestra and their guests at an informal party at the music department on Wednesday night.

Square dancing, informal singing and solos were enjoyed by the group. During the evening Dewey Stancil of Gadsden was introduced to the group to sing several solos which were well received by his audience. Dewey is this year's scholarship winner sponsored by the local chapter of Phi Mu Alpha, national music fraternity.

Refreshments were served.

Class Officers Hold Annual Dance In Gym As Climax To Summer Social Activities

One of the highlights of the summer session at Jacksonville State College is the annual Class officers' dance. Sponsored by the Student Government Association, it is given in honor of the students who serve as class officers during the summer quarter.

The dance this year was held in the college gym on Friday evening, August 4. Dancing began at 8 o'clock and continued until 12 o'clock.

Class officers in the leadout were as follows: Robert G. Duckett, president of the senior class; Harry Howell, Gadsden, vice-president; Nadine Horton, Alabama City, secretary; Dendy Rousseau, Albertville, treasurer; Everett Patrick, Choccolocco, and Inez Gilliland, Steele, Student Council representatives; Chester Brothers, Albertville, social committee representative; Doris N. IT'S TIME TO WAKE UP!

In Class

A future lawyer sits here,
Chews his fingernails,
Twiddles his pen.
And I am a teacher
Ignoring the teacher.
If children weren't naive,
They'd laugh at us, later.
Perhaps they will.
Children perceive.

—Louise M. Sullivan

Does this remind you of anyone you know? Look between lines four and five and you may find yourself—I'm there, and I don't think I'm alone.

We take education so lightly. Classes are something to cut and over cut, term papers are thousands of words to be copied from someone who has had the same course under another professor, and Assembly programs are those things that the apple polisher attends so that his professor might see him. The only things that matter to us in our years at college are big dances, hours in the Grab or Chat'Em Inn, and the string of golden heads on a charm bracelet.

Youth must, of course, have its fling; but there are times when I think we have flung ourselves out of joint. We work too hard at having a good time—so hard that we don't have time to work on our lessons.

—But of course, it doesn't matter. Our professors won't flunk us. I'll get at least a D out of the course, and who wants more than a pass?

Have we completely forgotten our responsibilities to ourselves? Is there no remembrance of the fact that this is a preparation station as well as a maturation station? We come to college to do more than grow up in an atmosphere of intellectuality; we must also learn to do that thing which we want to make our vocation. We must get busy. Many of

Vulcan Looks At J. S. C.

I looked in on the beautiful Jacksonville campus the other day, listened while members of the Summer Workshop gave their reports on the summer's activities.

It did my heart good to hear what the Alabama teachers had learned about the way government works—and the men who make it work.

For one thing, the workshop members dealt directly with the men who have their fingers on local, county, state, national and international affairs.

Among those who went to Jacksonville and talked with the teachers were U. S. Senator John J. Sparkman, Congressman Albert Rains, Dr. T. Z. Koo, Donald Comer, Rep. Pelham Merrill of Heflin, Walter Merrill, attorney, and Probate Judge G. Clyde Brittain of Anniston.

The workshop students went down to Montgomery, heard Alabama legislators, talked with the leaders in state government, asked lots of questions.

Capital Bigwigs

Nearly half of the students made a trip to Washington, where they talked with Edward Barrett, assistant secretary of state; met Senator Tom Connally, of the foreign relations committee; exchanged notes with the bigwigs in the national capital.

The students talked with mayors, members of town councils, county board of revenue members, sheriffs and judges.

The workshop was directed by Ernest Stone and Baskin Wright, men who know how to use textbooks, but who also know something of the living, breathing phases of the government.

And you would have been delighted with the fresh, new outlook the students have developed on citizenship and government.

Government no longer is an abstraction to teachers. They feel an intimate touch with the Congress and the Supreme Court.

High In My Book

This is the first Summer Workshop of its kind ever put on in a Southern college—and one of the first of its kind ever staged at an American college.

In my book the Jacksonville State Teachers College Citizenship and Government Workshop course was one of the most successful—and needed—courses ever given men and women who teach children.

The beautiful thing about this program is that the teachers will go home to pass along to thousands of young Alabamians what

Teachers Get Close-Up View Of Nation's Capitol

Thirty-five teachers from Jacksonville State College workshop on civic education got first-hand information on national government in their various surveys, trips and experiences.

As a part of their study on local, state and national government, they went to Washington on a tour with Ernest Stone and Baskin Wright, of the college staff, in charge.

The group left Anniston by train on Friday, arrived in Washington on Saturday morning. They spent the rest of the day on a sightseeing tour of the government buildings. Sunday they were taken to Arlington, Alexandria, and Mt. Vernon.

Monday they began their first-hand study of what makes government tick. Beginning at the office of Congressman Albert Rains, himself an alumnus of Jacksonville, the group was taken to the Senate Building. There they attended a meeting of the currency and banking committee.

Later they witnessed the opening of the House of Representatives, visited Senator John Sparkman's office, and lunched in the Speaker's dining room in the House Building. During the afternoon, they sat in the Senate gallery to listen to a discussion of the nomination of Sumner Pike for the Atomic Energy Commission.

At the luncheon, Congressman Rains presided. Among the representatives present to speak to the teachers were Majority Leader John McCormack of Massachusetts; Robert Jones, Carl Elliott and Laurie Battle of the Alabama delegation. Senator Lister Hill spoke briefly to the group on the world situation.

A later part of the schedule included visits to the Department of Agriculture and the Department of State.

The teachers were impressed with the attention given to them as "little people" in a great country. They were among thousands of other Americans who milled through the streets of Washington and through corridors of the government buildings and who have been accorded the courtesies extended them by their representatives.

Many have expressed the opinion that their study of government, climaxed with the trip to Washington, has made them more determined to be well-informed voters and to carry back to their classrooms fresh inspiration for greater participation in government.

International House Has Face Lifting

Have you visited the International House lately? If not, you should go by and see the improvements that have been made.

Dr. J. H. Jones, director of the International House, has placed on display a collection of gifts which have been received from France. The gifts were sent to the Department of Archives and History on the Friendship Train and were addressed to the college.

Included among the gifts are an amber glass vase, three lace medallions, an antique knife, a lamp with antique pewter base, a French doll made over a box containing stamps, an oil painting by Raymond Perreau, president of the Society of Artists at Aube, a crocheted basket shellacked, and a framed picture.

A new paint job, a general cleaning and rearrangement of furniture have added to the beauty of the house.

It will not be very long before again on our campus students from different countries will come together at the International House here at Jacksonville to study, work, and play—together with our American students. This year two of the last year's exchange students will be back. They are Raquel Nodall and Noemi Ballart, both of Havana, Cuba. Also from Cuba there is a possibility of a male exchange student. He is J. Samuel Veresia, a young man who has previously been educated at Baxter Seminary in Baxter, Tennessee, and at Scarritt College in Nashville. He is talented in music and drama and is planning to specialize in drama.

FULBRIGHT PROGRAM OFFERS SCHOLARSHIPS

Information about opportunities for lecturing and research abroad under the Fulbright Program for the year 1951-52 has been released.

Opportunities are offered in: New Zealand, Belgium, Luxembourg, Belgian Congo, Philippines, Australia, Turkey, The Netherlands, United Kingdom and Colonial Dependencies, Burma, Norway, Egypt, India, Iran, Italy, and Greece.

Awards are made under Public Law 584, 79th Congress, the Fulbright Act, which authorizes the Department of State to use certain currencies and credits acquired through the sale of surplus property abroad for programs of educational exchange with other nations. Awards are ordinarily made for one academic year. Grants for teaching or research usually include road trip transportation for the grantee, a maintenance stipend, including certain allowances for dependents, and a small supplementary allowance for travel and equipment purchasable abroad, if necessary. The grants are made in the currency of the country to which the grantee is going.

Closing date for filing applications for the next year is October 15, 1950.

If interested see Dr. James H. Jones, head of the Department of Foreign Languages at J. S. C.

WORLD LITERATURE CLASS HAS PICNIC

Mrs. Alfred Roebuck entertained members of her world literature class at a picnic on the lawn of her home on Tuesday afternoon. Those present were: Verdis Bible, Heflin; Juanita Miller, Delta; Nelda Hughes, Pisgah; Edward E. Campbell, Huntsville; Lydia Dowdy, Robert Hyett, Anniston; Jane Brown, Gadsden; Mrs. W. C. Sargent, and Mr. and Mrs. Roebuck.

A New Design In Art Dept.

Mrs. Dean Edwards has been living in Jacksonville for the past few years, but she is originally from Arkansas. She has a bachelor of design degree from Sophie Newcomb, and she also studied at the Art Institute of Chicago. Mrs. Edwards has formerly taught at Columbia Institute in Tennessee, at Huntingdon, and at St. Mary's in North Carolina. She specializes in portrait painting, which, with the care of her two small children, is about all she has time for.

Nabors in Math Dept.

Mr. Thomas L. Nabors, from Glencoe, Alabama, has been teaching in the math department for the summer. Mr. Nabors attended Jacksonville State Teachers College for a while, but graduated from the University of North Carolina with a bachelor of arts degree. After this summer he is planning to continue his graduate study at the University of North Carolina. For a hobby, he chooses math—(don't we envy him?)

P. T. A. LEADERS HELD WORKSHOP HERE

PTA leaders from surrounding counties assembled here on Wednesday for a three-day leadership workshop.

Several members of the college faculty took part on the program, including President Houston Cole, Miss Maude Luttrell, Mrs. Mary L. Lowery, Mr. and Mrs. Ernest Stone, Dr. Baskin Wright, and Mrs. R. K. Coffee.

Dr. J. H. Jones, Miss Ada Bounds and Mrs. James Williams assisted with entertainment features.

flunk us. I'll get at least a D out of the course, and who wants more than a pass?

Have we completely forgotten our responsibilities to ourselves? Is there no remembrance of the fact that this is a preparation station as well as a maturation station? We come to college to do more than grow up in an atmosphere of intellectuality; we must also learn to do that thing which we want to make our vocation. We must get busy. Many of us are too far gone for recovery, but there is still a chance that some of us can realize the danger in a society built on people such as this college has and will graduate.

It's nice to have a degree from an institution such as Jacksonville State College—but do you have what should go with it—four years of learning, four years campus activity, four years of growing into young womanhood or manhood with a clear view of what lies ahead, four years of sorting values with the help of your professors.

I hate to think that my children will be forced to have teachers who have the attitudes of some of the students on this campus. How can a person with no sense of responsibility, a person who spent his college years trying to get out of work, possibly hope to teach a child and teach him well? Teaching is more than applying principles of education to a classroom of rowdy youngsters. The teacher has to be that which he teaches.

WHAT IS YOUR ANSWER?

I'm worried, not because of myself, but because of the nasty mess we can get into if we don't wake up—and soon! Why should we even bother to save the world from communism or any other "ism", if there is nothing we can do with it after its rescue? Are you able to take the responsibility of doing anything? If someone handed you the world today, could you hold it steady, or would you let it drop? If someone asked you to stay with his baby tonight could you take care of it with assurance and without any mishaps? If you were asked to write a letter to the editor of this paper concerning what you think is wrong with the youth of today, would you do it? Or would you pass the matter off by saying that nothing is wrong with the youth of today? Older people are always passing off their own mistakes by nasty cracks at youth. As long as we're asking questions, here are a few more that I wonder if you know the answers to:

1. What is the Student Government Association?
2. Who is its president and what are its main functions?
3. What is the Discipline Committee? How does it benefit you?
4. What is the program of the S. G. A. for the coming year?
5. What are the library rules? The dormitory rules?
6. Are your professors human or mechanical, angels or devils?

Here are some more questions—questions that I want answers for:

1. Did you buy a copy of the "Mimosa"? Do you intend to buy a copy of next year's "Mimosa"?
2. Are you acquainted with all the organizations on the campus? Are you interested in joining any of them?
3. Do you attend Assembly programs? If not, why?
4. Is the campus activity at Jacksonville stimulating? If not, how can it be improved?
5. Do you find the "Teacola" interesting, dull, or repetitious, or do you find it at all?

State Teachers College Citizenship and Government Workshop course was one of the most successful—and needed—courses ever given men and women who teach children.

The beautiful thing about this program is that the teachers will go home to pass along to thousands of young Alabamians what they have learned about the workings of democracy.

Mrs. Fay Camp of Arab; Mrs. Pauline Stanfield of Gadsden; Mrs. Esther Propst of Ohatchee; Mrs. Lucille Gibbs of Arab; Mrs. George Cowden of Oneonta; Mrs. Margaret Nabors of Goodwater; Mrs. Ida Igou of Fort Payne; A. R. Prince of Roanoke, and the other teachers have an enthusiastic insight into public affairs that certainly will inspire greater interest among school children.

I guess you can see I was impressed by the work at Jacksonville.

Youth and Democracy

The first line of defense is the citizen. And the most important citizen is still too young to vote, but not too young to learn.

These are apt to be testing times. Democracy is being tried at home and abroad.

I would like to see Houston Cole's program followed by other colleges and universities.

MISS BRANSCOMB HAS RECEPTION FOR SISTER

Miss Lucille Branscomb entertained at an informal reception on Wednesday night at the International House in honor of her sister, Mrs. William Martin Gwynn (Jessie Branscomb). Mrs. Gwynn returned to this country recently from Nice, France, where her husband was U. S. consul. They have also lived in Latvia, Syria, Greece and the Belgian Congo.

Walter A. Mason, head of the Department of Fine Arts, played and sang a group of folk songs. Refreshments were served by Mrs. Mary L. Lowery and a group of students composed of Frances Green, Aliceville; Peggy Stevens, Anniston; and Billie Tankersley, Sylacauga.

ious, or do you find it at all?

6. In what way could your "Teacola" be of more service and interest to you?

All these questions concern things that every student should know about this school. There are so many of us who can answer very few of them. The reason we can not answer them is that we are not interested in what is going on on in this school. We are interested only in the little group that we have become associated with.

It is time we grew up. We are adults, or should be. Put away your toys and get busy. There's a lot to do, and you have to help.

DR. H. H. SHORT IS ASSEMBLY SPEAKER

A general assembly of students was held on August 3, 1950. During the first part of the meeting, Col. Raleigh gave information concerning the status of students in relation to the Draft. His main concern was that no student should leave school in the middle of the quarter because he is afraid of being drafted. If a student is enrolled in school, then he will be allowed to finish his quarter's work. He said that veterans and those on inactive reserve would not be called at this time, but in the event of a more serious situation a completely new draft law would be written, changing the status of all men.

The Citizenship Forum provided the speaker for the remainder of the program. Dr. H. H. Short, pastor of the First Congregational Church in Hagerstown, Indiana, addressed the group. His subject was "Christianity and the World Situation".

Dr. Short's opening statement was, "We are facing a world situation that no one has the answer for—not even Joe Stalin." Dr. Short sees no mistake in the United States helping to save Korea from communistic forces. To him there is nothing else we can do. No other country is able to do the job and it is a job that must be done if communism is to be kept from over-running the entire world.

Dr. Short said that the church is the only organization that has the answer to the situation, and by deeper faith and concern in the teachings of Christ we will be more likely to come out of chaos with success on our side.

day afternoon, August 2.

President Houston Cole spoke
to the group on "Combating
Fear", emphasizing that most
fears are unfounded and that to
meet the problems of today peo-
ple must learn to walk unafraid.

Mrs. R. K. Coffee of the Jack-

SUMMER CARNIVAL
IS FUN TIME

The Summer Carnival, one of
the highlights of the summer
quarter at Jacksonville State Col-
lege, was held on July 26 on the
terrace of Graves Hall. The
crowning of "Miss Jacksonville"
was one of the main attractions of
the evening's scheduled events.

The Carnival is under the spon-
sorship of the Mimosa staff and
the Student Government Asso-
ciation. All proceeds will go to
the annual staff to aid in paying
for the 1950 Mimosa publication.

Carnival music and gay color-
ed lights gave the festive air to
the activities. A touch of the
Orient was provided by a side
show featuring five enchanting
young women in "The Dance of
the Seven Veils".

For this special occasion Ma-
dame Zola came to us from the
flickering campfires of the wan-
dering gypsies with her key to
mysteries of the universe. . . well,

would inherit money or if you
would pass embryology. It was
worth much to learn these vital
facts.

ber 19, according to the following
schedule.

8:30-10:15, A through F; 10:15-
12:00, G through L. 1:00-3:00, M
through R. 3:00-4:30, S through U.

Veterans will report to Room
109 an hour before the time for
registration as indicated in the
schedule outlined above so that
they may fill out the necessary
forms and reports. In the event
registration is contemplated by a
veteran for 8:30, he will report to
Room 109 at 8:00 a. m.

Trial schedules will be approv-
ed by major and minor professors
in the Library. Those who have
not chosen a major field, go to
any major professor for approval.
Those students pursuing pre-
professional courses, go to the de-
partment related to your course
as follows:

partment.

Closed classes will be announ-
ced over the public address sys-
tem and put on blackboards found
in the Little Auditorium. Check
these blackboards carefully before
making out your trial schedule.

BAPTIST STUDENTS ARE
ENTERTAINED

On Tuesday night, July 27, the
Baptist Student Union of State
Teachers College held a mass
meeting of students at the First
Baptist Church in Jacksonville.

The program began with pray-
er and the singing of hymns led
by Orris Lee, after which student
testimony was given by Betty
Sue Bell, Irwin Swack and Mrs.

Alfred Smoake, accompanied by
Freda Flenniken, played several
violin duets.

The inspirational message was
brought by the Rev. Gerald Wal-
ker of the First Baptist Church
of Oxford.

Afterwards, the group was led
in games on the church lawn by
Wanda Morris, and refreshments
were served in the basement of
the church by Martha Self, the
social vice-president.

Summer Band Has Second "Pop" Concert

The Jacksonville State College

"THE MIKADO" TERMED SUCCESS BY AUDIENCE

Walter A. Mason, head of the Music Department, conducted the performance of "The Mikado" before a large and appreciative audience. On the evening of Aug. 1 and 2.

Although the Gilbert and Sullivan opera has a ridiculous and impossible plot, the audience caught all of its subtle humor and missed nothing of its fantastic unraveling.

Scenery and lighting affects made a perfect setting for the colorful Japanese costumes, many of which were authentic Japanese ceremonial robes borrowed from local people who have been to Japan.

A Shinto shrine sat at the back of the stage and a mass of blooming cherry trees with Japanese lanterns overhanging stood in the foreground.

The leading roles were played by veteran performers. Frank Jones, of Albertville, played the role of Nanki-Poo, son of the Mikado. He also sang the lead in H. M. S. Pinafore and Naughty Marietta, which have been presented by the music department. Last summer he sang with the Birmingham Starlight Opera.

Sara Harbin, of Attalla, Carolyn Lowery, of Jacksonville, and Dorothy Raley, of Gadsden had the roles of "the three little maids from school".

Asa Duncan, of Florence was a hit in his performance as Ko-Ko, the Lord High Executioner, and James Baker, of Anniston, drew more applause from the audience than any other performer in his role of "Lord High Everything Else."

The supporting characters, orchestra and chorus combined to make the opera a success.

TEA-SHOWER GIVEN FOR JANIE EVANS

On Thursday, August 9, the library staff of the college entertained with a tea-shower in the parlors of the library honoring Miss Janie Evans of Birmingham. Miss Evans will become the bride of Charles Almon in September.

The bride's table was spread with a lace cloth over green satin, and was centered with a bowl of pink rosebuds.

Miss Mary Albreast cut the wedding cake, and Gloria Honea served sherbert-punch.

Gifts of silver in her chosen pattern were presented to the bride-elect.

ROTC REVEALS PLANS FOR FALL TERM

Lt. Col Robert C. Raleigh, who has succeeded Colonel Thomas B. Whitted as commander of the college ROTC unit, has announced some interesting plans for the fall term. Recently a bulletin was issued which read as follows:

The Military Department sincerely hope that you have had a bang-up summer, either making money or enjoying yourself. We also thought you might be interested in some of the changes in the course and added activities for the coming year.

First, for the footwear, transportation will be available for mid-morning in the ROTC building.

The drill squad is going to function better than ever. The battalion is anticipating a request to march onto the football field prior to the football game.

Girl sponsors for the Battalion and Batteries will be selected within the first month of school. The girls will be given uniforms.

The Military Ball will be the best yet.

Awards such as loving cups or medals are to be given for outstanding leadership, military excellence, the best-drilled battery, and marksmanship.

A big "sham" battle is planned for the spring festival.

We have a new shoulder patch—a fighting gamecock on a circular white patch.

Also new, a distinctive unit crest to be worn on the shoulder loops of the uniform.

Everybody shoots on the range this year during or out of class-time.

Intercollegiate rifle competition is planned.

Objectives for the year: To make the ROTC unit at Jacksonville State Teachers College the best in Alabama.

DINNER GIVEN AT LODGE FOR PTA DELEGATES

One of the highlights of the P. T. A. leadership workshop held at the college last week was the dinner which was given at Shadow Lake Lodge on Thursday evening, August 3. Shadow Lake is the country place of Dr. and Mrs. James Williams and is frequently opened for the entertainment of visitors.

Miss Ada Bounds, Mrs. Mary L. Lowery and Mrs. Williams had charge of the affair. Misses Carolyn Lowery, Daisy Weller Smith and Mildred Carter assisted in serving. A tempting menu was served consisting of baked ham, stuffed tomatoes, asparagus and cheese casserole, cinnamon muffins, peach cobbler and ice cream, and iced tea.

Dr. C. R. Wood presided over the evening's program which was

TEACHERS ATTEND NEW YORK CONFERENCE

Mrs. Reuben Self and Mrs. J. W. Stephenson, members of the faculty of Jacksonville High School, have returned from New York City where they attended the second annual meeting of the Associated Public School Systems.

Superintendents, principals and social-studies teachers from high schools in 66 cities attended the conference. Its purpose was to improve and strengthen the teaching of citizenship in the public schools of the nation.

The conference was professionally regarded as one of the most significant developments in American education, it was stated. It was an effort to adopt resources of the citizenship education project to the schools and communities of the nation, financed by a grant of \$450,000 from the Carnegie Corporation of New York.

The project has already been tried out in high schools of eight eastern cities, in rural high schools in cooperation with the University of Nebraska, and through affiliation with eight teacher-training institutions in the country.

The citizenship education project now has three types of resources for improving citizenship education. They are laboratory practices—actual first-hand experiences; materials on current issues; and historical materials. Citizenship—education improvement programs can be built

FACULTY CHANGES

(Continued from page one)

Miss Alta Millican, a member of the high school faculty, will resume her duties at a member of the high school faculty after spending a year as a teacher in Japan. She reached Alabama last Sunday after landing in Seattle, Washington.

Miss Frieda Clark, a member of the business administration faculty, will be transferred to the dean's office as secretary this fall. Miss Hazel Dishman, who has been away for graduate study during the past year, will resume her duties in September.

Miss Mary Frances Edwards, a member of the English faculty, will return from Europe this month where she has spent the summer.

Mrs. Aaron Hand (Carolyn Triplett) has been serving as secretary to Dean Wood during the summer session. Both Carolyn and Aaron are graduates of this college and now reside in Jacksonville.

HISTORY CLASS MAKES FIELD TRIP

The class in world history taught by Horace Lee Stevenson made a field trip to Anniston on Friday afternoon of last week. Traveling in the college bus and in private cars, the group of 31 students visited the church of St. Michael and All Angels and the museum in the Carnegie Library.

Alvis Williams of Anniston conducted the group through the church telling them of all the interesting features and the significance of the altar, carvings, organ chimes, etc. He also played the famous organ which he regards as one of the finest in the South.

In the chapel they saw the series of unique irreplaceable pictures illustrating the early life of the Church of England. Here they also saw a facsimile of the great English document, Magna Carta—one of the three remaining copies made shortly after the document was made.

At the museum they saw the Egyptian mummies and other interesting collections.

Students in the group were: John H. Abbott, Jack Abbott, Lizzie Abney, W. R. Abney, Eleanor Angel, Louise Angel, Robert Argo, Hazel Benefield, Elma Boozer, Mrs. Annie Borden, Aubie Mae Dean, James Faught, Frances Green, Ardath Grizzell, Mr. and Mrs. James V. Haywood, Jacqueline Higgins, Harold Holsonback, Wanda Hurt, Patsy Johnston, Jean Land, Judy Law, Lloyd Minus, Lawrence J. Parker, Cleata Reynolds, E. L. Roberts, Rex Whitley, Kathleen Williams, Velma Williams, and William A. Haynes.

Summer Band Has Second "Pop" Concert

The Jacksonville State College Summer Band gave the second of its "pop" concerts on Thursday night, August 11, in the Leone Cole Auditorium. J. Eugene Duncan directed the program.

Featured again was a group of "barber shop" quartet numbers by Frank Jones, Albertville; Asa Duncan, Florence; James Baker, Anniston, and John Thomas, Fort Payne.

The program also included a night club take-off of "Three Blind Mice", and "Little Red Ridinghood". In a somewhat more serious vein, the band played a group of Victor Herbert's melodies: "Headlines", a tone painting of the activity inside a newspaper press room, and two marches one of which was the "United Nations March."

Dr. C. R. Wood presided over the evening's program which was a panel discussion, "Know Your Community", with Mrs. Ernest Stone as leader. The discussion was the repetition of a program given during the past school year by the Elementary School PTA.

The town's assets and resources and its needs were pointed out and a discussion was held on the ways and means of bringing about improvements.

Mrs. J. C. Striplin talked on "Health"; Mrs. C. C. Dillon on "Recreation"; Mrs. Winston Griffith on "Safety"; and Mr. and Mrs. Stone substituted for Mrs. Gray Vowell to tell about the "Schools, Churches and Clubs". Dan W. Gray was moderator.

The discussion was a lively one, and proved entertaining and profitable to all who were present.

Census Bureau statistics show that, contrary to popular belief, Americans are marrying earlier than at any time since 1867. In 1890 the median age of men for first marriage was 26.1, for women 22. In 1947 it was, respectively, 23.7 and 20.5. Now in this country one out of eight girls between 15 and 19 is married.

Coffee Treats for Television Fans

When your favorite television programs are over, good coffee should always be on tap for family and friends to serve with something "special" as a fitting finale to a perfect evening. Any one of the coffee-flavored desserts featured will be just right for late evening refreshments. Easy to prepare and impressive for any occasion are these desserts that combine modern cooking with old-fashioned goodness.

You can serve one or many with fresh, flavorful coffee in a flash. Just measure one teaspoon of soluble coffee (more or less rounded according to strength desired) in a cup, and add freshly boiling water and stir. To make six cups of good coffee, just pour one quart of boiling water on 6 teaspoons of soluble coffee and stir to assure a brew of even strength.

Coffee and Cream Cake is a delicious accompaniment for coffee-flavored ice cream, made simply and quickly by blending 1 tablespoon of soluble coffee with one package of ice cream mix. This is a neat trick that wins compliments every time. For an extra special evening, surprise your guests with Marshmallow Supreme, a simple dessert with a sophisticated flavor of fresh coffee.

COFFEE AND CREAM CAKE

Make your favorite plain cake mix recipe and then use:

COFFEE CREAM FILLING

6 tablespoons sugar	2 teaspoons soluble coffee
3 tablespoons flour	1 cup scalded milk
1/4 teaspoon salt	1 egg yolk
1 teaspoon butter	

Combine first 4 ingredients in a small pan. Stir in milk. Cook until thickened. Place over hot water, cook about 15 minutes. Beat egg yolk slightly, add a little of the hot mixture and return to pan. Cook 2 minutes. Add butter, cool thoroughly.

COFFEE ICING

1 tablespoon butter	2 teaspoons soluble coffee
1 egg yolk	1 tablespoon milk
1 1/4 cups sifted confectioners' sugar	

Mix butter and egg yolk. Add sifted confectioners' sugar which has been mixed with soluble coffee. Gradually add milk, beating all the while, until a smooth, creamy consistency is reached.

If necessary, add more milk so icing will spread easily.

Put layers together with Cream Filling and frost top of cake with Icing.

MARSHMALLOW SUPREME

1/2 lb. marshmallows	1/2 cup sugar
1/2 cup sherry	1 1/2 cups undiluted evaporated milk
1 envelope unflavored gelatin	2 teaspoons soluble coffee
1/4 cup cold water	1/2 cup hot water
1 tablespoon sliced, toasted almonds	

Cut marshmallows in quarters and let them stand overnight in sherry. In top of a double-boiler, dissolve gelatin in cold water. Cook for 10 minutes, stirring constantly. Dissolve soluble coffee in hot water. Add to the milk mix-

ture. Fold in marshmallows. Pour into one quart mold rinsed with cold water and chill. Unmold garnish with whipped cream, cherries and almonds.

Yield: 6-8 servings.

a penchat for Terpsichore. Make a date with your best girl for next Monday night and take her dancing on the terrace—sounds expensive, doesn't it? Actually it doesn't cost a cent.

It seems that Julia Brumbelee had read somewhere of a sure way to attract attention to a ring that one might happen to be wearing. The other night in Chatham Inn the atmosphere happened to be veniently stifling; so Julia took advantage of a pause in the conversation to remark casually (and in a loud voice), "My, but it's hot in here. I think I'll take off my ring."

Since Clay Brittain has taken over at Forney as house papa it is rumored that the new tranquility is little short of amazing. Clay must be putting that new textbook in social psychology to good use.

It was good to see Doc Gary eating in the Weatherly cafeteria recently. We went by Doughty one night recently and found the place overrun with second louies. Must be the effects of mobilization.

The four o'clocks start blooming every evening outside the Cole apartment and so do the girls. A solid square of lawn is beginning to be frayed by so much constant parking. The girls say that the view is excellent.

The broad "a" has been utilized considerably of late in contemporary poetry class. We knew that Dr. Calvert had a slight Harvard accent but his new "a" pronounced "ah" seems to be borrowed on approval.

ALUMNI NOTES

By Mrs. R. K. Coffee

Martin-McConatha

Students and alumni will be interested in the announcement of the marriage of Gloria Jean McConatha and John Milton Martin which was made by the Rev. and Mrs. Lawrence McConatha of Dixiana. The wedding took place Saturday, August 12, at the Bradford Methodist Church in Dixiana.

Jean completed work for her degree last December, and spent the remainder of the year teaching. She was active in the work of the Wesley Foundation, and was a member of Pi Tau Chi, honorary society for outstanding members of the Wesley Foundation.

John graduated last summer and has spent the past year at the University working on his master's degree which he will receive this month. He was editor of the "Mimosa", and was a member of Kappa Phi Kappa, Kappa Delta Pi, and other honorary organizations on the campus. He was also chosen for "Who's Who Among Students in American Colleges and Universities in 1948-49."

Lamar Triplett, an alumnus of the college, will receive his master's degree at Peabody College this month. He has accepted a position as band director of the

Bessemer High School and has resigned as director of the Alexandria and Oxford bands.

Lamar has an outstanding record among band leaders of the state. While directing the Emma Sansom High School Band after his graduation from college, the band took first place honors in the state band contest. His Oxford and Alexandria bands have received recognition among the top bands of the state also.

Lamar took time out to serve with the Navy in World War II. He is married to the former Christine Glass, who is an alumnae of the college, and they have two attractive little daughters, Paula and Karen. Paula was mascot for the bands.

Eugene O. Malone, graduate of this college with a master's degree from Peabody, will become principal of Opp High School this fall. He taught in the education department, on this campus this summer.

Mr. Malone, a native of Blount County, served as a classroom teacher for two years, athletic coach for one year, principal of an elementary school for five years, and principal of a junior high school for four years. He has recently been principal of the Pine Avenue Elementary School in Anniston.
